Affordable Living Senior Apartments

Community Renovation at **Maple Knoll Meadows**

Maple Knoll Village is proud to offer rent subsidized affordable senior living communities that provide a variety of options and services not often found in communities for low-income seniors.

In partnership with Maple Knoll Village, Episcopal Retirement Homes is proposing renovations to The Meadows in Springdale, Ohio. We are looking for your comments and suggestions about what would be most helpful in these apartment communities for older adults.

Proposed Plan:

- 149 one-bedroom apartments for seniors ages 55 and older
- Rents for low income seniors, based on income
- Remodeled community room
- New and improved heating and air conditioning
- New design of all units to be more easily accessible by seniors including a full kitchen in each apartment
- Additional tenant storage bins
- Fitness/wellness center for residents in the Meadows
- Better security and access controls
- Improved outdoor patio space
- Transportation to events and shopping
- Service Coordinator to aid in getting services and assistance for residents
