

Episcopal Retirement Services

November 19, 2020

Dear Residents and Families,

During our regular surveillance testing this week at Episcopal Church Home, four staff members have tested positive for COVID-19. Three of these staff members are direct caregivers. For this reason, Memory Care West remains under quarantine at this time. The fourth staff member is a non-direct care staff member with no resident interaction. All four staff members are quarantining at home.

Also, a private duty staff member who works at Deupree House has tested positive for COVID-19 during routine surveillance testing this week. The private duty staff member is quarantining at home. The residents that the staff member worked with have been tested, results are pending, and they are quarantining at this time.

In addition, we have been made aware that a non-direct care staff member at Marjorie Lee has tested positive for COVID-19. The staff member is quarantining at home. The staff member is in a role with no resident interaction.

The following is the cumulative reporting for our communities:
