Dear Residents and Families,

Unfortunately, COVID is not taking time off for the holidays. Our labs were closed on the holiday and are now open and sharing our surveillance testing results from last week. There have been several positive cases reported.

At Deupree House and Cottages, one direct care staff member working at the Cottages has tested positive. The staff member is quarantining at home, and we will continue to conduct testing for residents along with all Deupree Cottage staff.

At Episcopal Church Home, one Memory Care resident has tested positive for COVID-19 after having mild symptoms. The resident has been moved to the hospital since symptoms have progressed. We will continue to conduct testing for residents along with all ECH staff. Memory Care remains in quarantine at this time.

Four staff members at Marjorie Lee have tested positive for COVID-19. Three of the four staff member are non-direct care staff, while one staff member worked on the Rehab Household. The staff are quarantining at home, and residents have been tested, and we are awaiting test results.

Canterbury Court, an Affordable Living community, located in West Carrollton, Ohio, has had three residents test positive for COVID-19. As a non-healthcare community, we do not have access to the same testing resources as our retirement communities. We have reached out to the local health department for assistance. We will be working in partnership with the health department to conduct testing for residents and staff in the coming days.

The following is the cumulative reporting for our communities:

Sincerely,
