Dear Residents and Families,

I am sad to share with you a resident at Shawnee Place who had been hospitalized because of COVID-19 has passed away. We ask you to keep their family and the staff who cared for them close in prayer. We also have two new cases of COVID-19 to report in our Affordable Living communities: one resident at Maple Knoll and one resident at our Blanchester location.

At Deupree House, we have two private duty staff members who were asymptomatic and tested positive during our twice-weekly testing for COVID-19. The staff members are quarantining at home. Residents in their care have been tested, and results are pending. Please note that last week when I reported the private duties testing positive, I mistakenly added them to the chart below, which has now been corrected.

Lastly, a non-direct care staff member at Marjorie Lee tested positive during our twice-weekly testing. The staff member is quarantining at home. In addition, I am pleased to share that the Romney Household is out of quarantine today after being COVID-free for 14 days!

The following is the cumulative reporting for our communities:

*Private duty and contracted staff are reported to our residents and families, however, are not included in the cumulative chart above based on reporting guidelines by the city and state.

As shared in previous letters, we continue to follow all CDC guidelines and mitigation practices to reduce the spread of COVID-19. Please let me know if you have any suggestions or questions.

Sincerely,
