Dear Residents and Families,

Routine surveillance testing of staff and residents continues in our CCRCs. Given the high incidence rate in Hamilton and Jefferson counties, we continue to have positive cases within our communities. For reporting today, Deupree House has received positive COVID-19 results for one non-direct care staff member. The staff member is quarantining at home. We also received three positive tests for staff at MPL during this week's testing (one non-direct staff member on the Morris Household, one direct care staff member on our Rehab Household, and one direct care staff member on the Amstein Household.) The staff are all quarantining at home, and Morris, Rehab, and Amstein Households remain on quarantine as well. Lastly, one additional resident at Canterbury Court Affordable Living community tested positive for COVID-19. The resident is quarantining in their apartment.

Unfortunately, I must share that an ECH resident previously reported as having COVID-19 has passed away. The resident had lived on our Clingman neighborhood. Additionally, one ECH resident has been hospitalized due to COVID. Please keep the residents and families in your thoughts and prayers in this very difficult time.

The following is the cumulative reporting for our communities:

COVID-19 Reporting	Episcopal Church Home	Deupree House & Cottages	Marjorie Lee
<b>Residents</b>			
Current residents with confirmed COVID-19	0	0	0
Cumulative residents with confirmed COVID-19	23	1	16
<b>Staff*</b>			
Current staff with confirmed COVID-19	0	1	3
Cumulative staff with confirmed COVID-19	34	9	49
<b>3 or more residents or staff with new-onset COVID-19 respiratory symptoms in a 72-hour period.</b>			
Current occurrences	0	0	0
Cumulative occurrences	7	3	18

\*Private duty and contracted staff are reported to our residents and families, however, are not included in the cumulative chart above based on reporting guidelines by the city and state.

As shared in previous letters, we continue to follow all CDC guidelines and mitigation practices to reduce the spread of COVID-19. Please let me know if you have any suggestions or questions.

Sincerely,
