Dear Residents and Families,

At Marjorie P. Lee, one direct care staff member has tested positive for COVID-19 who works on the Amstein Household. The staff member is quarantining at home. Test results are pending for all residents who had close contact with these staff members and/or private duties. One resident who live on the Amstein Household has also tested positive. The resident is quarantining.

At Deupree House, two non-direct care staff members have tested positive for COVID-19. Both staff members are quarantining at home.

Unfortunately, I must share that two ECH residents previously reported as having COVID-19 has passed away. The residents had previously lived on our Clingman neighborhood. Having lost my father during the holidays more than 30 years ago, I know the pain our families are feeling. Please keep the family in your prayers during this difficult time.
