Dear Residents and Families,

We had our second vaccine clinic at Episcopal Church Home this week. I am thrilled to share with you the great results. 95% of healthcare residents, 94% of Dudley Square residents, and 72% of staff were vaccinated. Staff increased by 21%, and healthcare residents increased by 25% since our last clinic in December! We will continue to share information with staff and residents throughout our communities to make sure as many people as possible take the vaccine.

For reporting today, one non-direct care staff member at Deupree House has tested positive for COVID-19. The staff member is asymptomatic and is quarantining at home.

At Marjorie Lee, a private duty staff member working on the Kirby/Luther Households has tested positive for COVID-19. The staff member is asymptomatic and is quarantining at home.

The following is the cumulative reporting for our CCRCs since March 2020:
