Dear Residents and Families,

After my letter from Friday detailing our results from ECH's vaccine clinics, some family members have asked about the MPL and DH percentages. Because the Pfizer vaccine requires two shots, I will report the communities' results after the vaccine's second shot. The second clinic at Deupree House is January 26th, and Marjorie Lee is February 4th. In the meantime, we will continue to share information with staff and residents throughout our communities to make sure as many people as possible take the vaccine. Please watch our "My Why" videos:

For reporting today, one non-direct care staff member at Deupree House has tested positive for COVID-19 during our routine surveillance. The staff member is asymptomatic and is quarantining at home.

*Private duty and contracted staff are reported to our residents and families, however, are not included in the cumulative chart above based on reporting guidelines by the city and state.

As shared in previous letters, we continue to follow all CDC guidelines and mitigation practices to reduce the spread of COVID-19. Please let me know if you have any suggestions or questions.

Sincerely,
