Dear Residents and Families,

I am pleased to share that effective March 9th we can offer indoors visits at Marjorie Lee for residents who live on Residential Living, Morris, Luther, and Kirby Households!

Please use the following link to sign-up for visits.

We can begin indoor visits because of the occurrence rate in Hamilton County and no positive COVID-19 cases among residents and staff at MPL.

With this development for MPL, all three of our retirement communities have now can host indoor visits. We have waited so long for this moment. Please enjoy your time with your families!

Sincerely,
