Dear Residents and Families,

A private duty caregiver working with a residential care at Marjorie P. Lee has tested positive for COVID-19. The private duty staff member is quarantining at home.

Unfortunately, I must share that families are not abiding by the guidelines shared last week for in-room visits. Please be aware that your loved one will be sent away if they do not comply with the Governor's orders. The following are meant as reminders. Refer to the full list of guidelines sent out last week.

- Fully vaccinated is defined as being 14 days past the last dose of the vaccine (one or two shots depending on manufacturer). If you are not fully vaccinated, you need proof of a negative COVID test result within 48 hours of your visit.
- You must be escorted to and from the visit. This is non-negotiable. Visitors not following this guideline by the State will be required to leave.
- If you are late for your schedule arrival time, you must wait at the meeting spot for the escort and not enter the building.

Please review the guidelines with your family members before they sign up to make sure you understand the protocols.
