Dear Residents and Family Members,

A direct care staff member who works at the at the Deupree Cottages has tested positive for COVID-19. The staff member is quarantining at home. We have to test all potentially impacted staff and residents per the current Governor’s orders for two rounds of testing. During our first round of testing, all staff and residents’ tests were negative. The staff member has not been in the community for several weeks; therefore, we do not need to stop in-facility visits.

The following is the cumulative reporting for our CCRCs since March 2020:
