

July 26, 2021

Dear Residents and Family Members,

A direct care staff member who works on the Romney Household at Marjorie P. Lee has tested positive for COVID-19. The staff member is quarantining at home. Per Governor's orders, outbreak testing is underway. Negative test results were received for staff and skilled nursing residents' tests following initial testing. We will continue testing in accordance with the current guidelines.

Additionally, three residents at an Affordable Living Community, Friendly Oaks Village, have tested positive for COVID-19. These residents are currently quarantining in their apartments. Due to numerous residents testing positive and the severity of current variants, we are partnering with the local health department to complete testing of staff and residents.

The following is the cumulative reporting for our CCRCs since March 2020:
