

Episcopal Retirement Services

June 30, 2020

Dear Residents, Staff, and Families:

We received test results last night that a staff member at Marjorie P. Lee (MPL) has tested positive for COVID-19. The staff member is under physician’s care and is self-quarantining at home. The staff member is a non-direct caregiver who works on the Amstein, Berghamer, and Shaw Rehab Households.

I would like to update you on the two COVID positive residents reported last week. One resident has fully recovered and returned to their household. The second resident is progressing and will move back to their household once they meet the CDC guidelines.

The following is cumulative reporting for our communities:

As shared in previous letters, we continue to follow all CDC guidelines and mitigation practices to reduce the spread of COVID-19.

Please let me know if you have any suggestions or questions.
