

July 13, 2020

Dear Residents, Staff, and Families:

We have received the Marjorie P. Lee (MPL) test results from last week that I would like to share.

- Test results for residents living on Berghamer, Kirby, and Luther have been received.
 - One additional resident who was asymptomatic living on Berghamer tested positive. The resident has moved to the isolation area.
 - I am pleased to share that all other residents on Berghamer, Kirby, and Luther tested negative.
- The two residents that were reported last week as positive for COVID are doing well. One remains on the isolation area, and the other has returned to their original household.
- We have identified another occurrence related to respiratory symptoms.

Following the CDC guidelines, we will continue the quarantine of Luther, Kirby, Amstein, and Romney Households. All staff and residents living and working on these households will be tested weekly. The households will be quarantined until the collective household has two consecutive weeks on no positive tests.

The following is cumulative reporting for our communities:
