

Episcopal Retirement Services

September 12, 2020

Dear Residents and Families,

We have received the results from our bi-monthly testing for Deupree House & Cottage staff. We tested 152 staff and private duties. One hundred forty-nine tests were negative, one inconclusive, and two were positive. The positive COVID-19 tests were from staff members who work exclusively at Deupree House with no interaction at the Cottages. Additionally, both staff members are non-direct care staff and have minimal exposure to residents. One staff member was asymptomatic, while the other had very mild symptoms. Both staff members are quarantining at home.

Results for Marjorie Lee and Episcopal Church Home are pending.

The following is the cumulative reporting for our communities:

Private duty and contracted staff are reported to our residents and families, however, are not included in the cumulative chart above based on reporting guidelines by the city and state.

As shared in previous letters, we continue to follow all CDC guidelines and mitigation practices to reduce the spread of COVID-19.

Please let me know if you have any suggestions or questions.

Sincerely,
