COVID-19 UPDATE

Dear Resident,

Thank you for your support of our guidelines put into place yesterday. It was affirming to hear from Governor DeWine and Governor Beshear today outlining their expectations of those who serve the most vulnerable: individuals over 70 years of age.

Many of you have encouraged us to make a written statement about the importance of independent living residents following the guidelines.

We strongly encourage residents to restrict travel, and not go to the doctor office for routine visits, dinners out to the club, outside events, and grocery shopping. Because you live in our communities, we can help you with these types of needs. Additionally, all of these activities put you and other residents at risk. Other communities have paid the price of illness and death when individuals value freedom of movement above the health of our community. Additionally, other communities have seen in hindsight that the virus is being spread person to person, undetected for weeks at a time.

I implore you to stay at home and take our precautions seriously. We commit to re-evaluating our protocols on a weekly basis. Please know that we care deeply about you and want you to be well.

Sincerely,

A handwritten signature in cursive script that reads "Laura R. Lamb".
