

Master Plan Updates

Information related to our upcoming renovation

Keeping
our
residents
informed
about the
Master
Plan is a
top
priority.

Moving Plans

We are so excited that the newly renovated Shaw building will soon be opening. We are confident that all the hard work put into this renovation will result in a licensure success!

As we have shared in the past we will be partnering with our residents and families to make the moves into the Shaw apartments a smooth process. In preparation for the move we will be hosting meetings for families to explain our plans and answer questions. Letters are going out soon with a schedule for those meetings. We recognize a move can be stressful. We will be working hard to support our residents during this time.

We will soon be offering tours of the Shaw building so those involved can see the spaces prior to the moves. We are sure you will see the rooms are much nicer than the soon to be renovated Amstein House and Lee Gardens. Each of the Shaw apartments features a bathroom with a walk in shower and windows that are much larger than residents have now. In addition, we will be contacting families for one on one meetings to answer specific questions about what the move means for their loved one.

Another important component is our staff. Both before and after we receive our licensure we will be hosting educational opportunities for staff so they are aware of what the changes mean for them. There will be plenty of time for questions as well! Marjorie P. Lee is such a special place for us all, living or working here! We are so excited to start this next chapter in Marjorie's story.
