- Jim Norsworthy - 09/18
- Doug Summer - 09/08
- Mary Louise Sandman - 09/18
- Bobbie Windhorst - 09/22

In the last few months we have filled several key positions and wanted to introduce you to some of the newest members of the ECH community.

Karen Richardson assumed the role of Administrative Manager on August 20th, 2019. She will serve as Executive Assistant to Beverly Edwards, provide general administrative support to our leadership staff, and supervise our receptionists. Karen has 22 years of experience in administrative and executive support. Prior to joining ECH, Karen served as the Executive Assistant for eight years at Almost Family Inc., a home health company. Karen considers herself a senior advocate at heart and voluntarily plays the piano for various nursing homes and assisted living facilities throughout Louisville and Southern Indiana. Karen is an IUS graduate and holds a general studies degree. She currently lives in Greenville, IN with her four cats. Please help us give her a warm welcome.

Erica Harrod will begin her ECH career on September 3, 2019 as the Client Services Manager for the Morton Neighborhood. In this role she will lead and manage the clinician staff that care for our Morton residents. Erica has been a nurse for twelve years and served in the medical field for nineteen. With experience in long term care, emergency medicine and transitional care, she brings a wealth of wisdom and experience to our team. Erica is a proud mom of four and has been married for 13 years. She is a native Louisvillian and is excited to join the ECH family.

Kenneth "Ken" Silky joins us on September 9, 2019 as the newest Maintenance Supervisor. Ken holds a Bachelor's degree in Business Administration from Spalding University and has a strong background in physical plant management. He began his career in apartment building maintenance. Since that time he has overseen the care and maintenance for a variety of facilities and campuses, including a university, a museum, a hotel and a medical facility. He enjoys taking care of people by taking care of the places they work and live. In his free time Ken enjoys his pets, which includes two horses, and spending time with his wife, two daughters, and four (soon to be five) grandchildren. We look forward to welcoming him and adding another outstanding member to our team.
